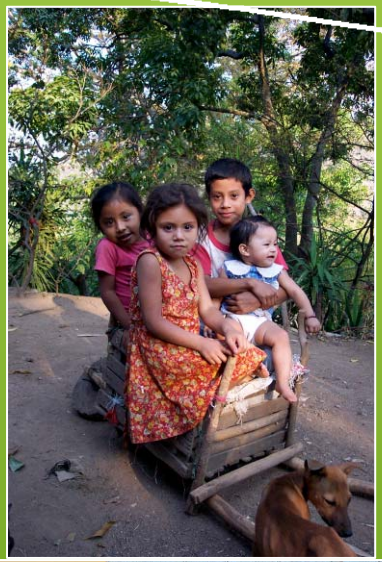
Global Health Opportunities

Cincinnati Children's Hospital
Pediatric Residency Training Program

Our residents are changing the outcome for children around the world.

From the Americas to Africa to Asia, our residents have worked in clinics and hospitals across the globe. We have established educational and research relationships at these sites, and have made it a priority to promote the exchange of ideas between the participating institutions.



In the past three years, over 40 residents from Cincinnati have worked at the following sites:

Africa

Gertrude Children's Hospital; Nairobi, Kenya

Tenwek Mission Hospital; Bomet, Kenya
