Cancer Program **Family Update**

Monday, March 18 - Sunday, March 31

Cincinnati Children's
Cancer & Blood Diseases Institute

Lifetime Heath Care Hero: Bea Lampkin, MD

CBDI's Beatrice Lampkin, MD was chosen by the Business Courier as the Health Care Heroes ***Lifetime Achievement Award*** winner for 2013.

Her list of accomplishments is too long to list. Here are a few highlights:

- Dr. Lampkin joined Children's in 1965 as the only pediatric hematologist/oncologist in Cincinnati. She eventually became Director of the Division of Hematology/Oncology and grew the program to 13 full-time faculty. Now called the Cancer and Blood Diseases Institute, we have grown to 66 faculty.
- Bea helped raise $1.3 million to open the Children's Family House, an affordable place for families to live while their children received treatment, in 1982. It later became the Ronald McDonald House.
- Dr. Lampkin devotes much of her time to GLAD (Giving Life a Dream) House, which she helped to found.It provides support and counseling for children with parents addicted to drugs or alcohol.

Bea continues to teach fellows at Cincinnati Children's and to inspire all of us at CBDI.

To learn more about the cancer program, cancer research at Cincinnati Children's, or to make a contribution, please contact John Perentesis, MD, Director of the Division of Oncology, at (513) 636-8241 or cancer@cchmc.org

Experience *Art Works Wonders* – Presented by Scientist and Volunteer David Eaves

CBDI patients and their families are welcome to participate in the Art Works Wonders program, which is a way to have some fun and experience the benefits of creativity during a stay at Cincinnati Children's.

David Eaves, a researcher at Cincinnati Children's, created the program last summer and leads the Art Works Wonders sessions himself. David was inspired by his father's experience with cancer and wanted a personal connection to the children he helps in his primary job, conducting research in the laboratory.

The program is about having fun. Art-making sessions are based on what interests the child. A life-size Captain American shield, sculptures, paper designs that look like stained glass, even an animated cartoon on a I-Pad have been created.

The program's goal is for each child to gain three things: enjoyment ("That was fun!), achievement ("I did that!") and enrichment ("I want to do that again!). Please speak with your social worker if you are interested in participating.

COMMUNITY EVENTS

Champions FORE Cincinnati Children's March 23, 8:30 AM - 7:30 PM, at the Shaker Run Golf Club in Lebanon, Ohio. Lunch, snacks and a hot dinner are provided. To sign up as a player, a volunteer, or to make a donation, contact Megan Boesing at (513) 636-1084 or megan.boesing@cchmc.org.
