

Music Therapy Internship Application

The Music Therapy Internship is offered twice per year beginning in June and September. The application deadline for both start dates is **December 1st**. After receiving a completed application, the music therapy director will contact you about setting up a Skype interview.

Upon acceptance to the internship, a legal affiliation agreement between the student's university and CCHMC is required. This will be handled by personnel at the hospital and the legal department of the university. Interns will not be allowed to start their internship until this agreement is complete. Students will also be required to complete a TB test and be fingerprinted when they receive their badges.

Please send all materials in one envelope to:
