

International Adoption Center (IAC) at Cincinnati Children's Hospital Medical Center
Pre-Adoption Medical Review Services
Fee Schedule (Effective July 1, 2011)

The IAC provides pre-adoption consultation of medical histories for those pursuing international adoption. Dr. Staat, a professor of pediatrics and infectious disease physician, will review the child's medical history, photographs, as well as provide travel support. Other staff specialists include an Advanced Practiced Nurse and Developmental Specialist. Additionally, the medical record may indicate the need to consult other medical specialists at Cincinnati Children's Hospital Medical Center.

Review Process: It will include an examination and explanation of the medical record. The child's growth parameters will be placed on a growth chart. Their height, weight, and head circumference will be compared to the general population of children of the same age in the U.S. The child's general development will be assessed. Photographs and videos will be examined for evidence of facial and other physical abnormalities. Based on acceptance of your referral, fees will also include Travel Prep Consultation, Prescriptions & Consultations while abroad.

Note: Fees are per child, subject to change, and non-refundable. Please call 513-636-2877, option 2 if you have questions.
