Training Opportunities
Issue 2

Hello PCIT trainees from the Trauma Treatment Replication Center!
We hope you all had a great summer.

New Opportunity for Regular Contact

We are hosting regularly scheduled PCIT conference calls. These calls will give all of us the chance to:

- Discuss/schedule booster sessions
- Ask questions about cases
- Share success stories
- Problem-solve difficulties
- Keep up-to-date on the newest PCIT information

Date for Conference Call

The first conference call is scheduled for **September 23, 2004** at **9:00am**. Please let me know if you plan to participate in the call so that I can give you the information you will need to take part. Feel free to email me any topics for discussion that you would like to have addressed during the call.

Next Steps

- Please let us know if any of your contact information has changed so that we can update our mailing list. We hope to hear from all of you during the conference call.
- Future PDI booster session: For those of you who do not have the June, 2004 handouts, coding sheets, manual, etc.

Please contact **Lisa Connelly** at 513-636-0041 or by email lisa.connelly@cchmc.org with any questions or concerns you may have.
