PCIT Breakfast Meeting
Issue 3

PCIT Booster

The TTRC will be hosting a PCIT breakfast meeting on November 19, 2004 from 7:00am – 9:00 am. We request that all trainees attend this gathering in order to create and sustain a PCIT practitioner network in the Greater Cincinnati area. Each one of you will be assigned your own on-site coach to help you with all your cases and questions and motivate you to complete and return the data from your data collection boxes. The TTRC is a member of the National Child Traumatic Stress Network (NCTSN), so as our trainees, you are also affiliated with this Network. Your communications with us serve to enhance best practice in our local community and across the nation.

Data Collection

In order to inform best practice, we need to understand how PCIT is implemented in real world settings. This is where collecting data is critical. You all have committed to collect data on five clients for the NCTSN. We are aware that not everyone has started to collect data, and we will problem-solve with you about any obstacles in the data collection process. **Please use our November 19th breakfast meeting as an opportunity to ask any questions you have regarding the data collection.**

Booster Session Includes

- Assignment of an on-site coach/mentor
- Problem-solving about data collection
- Case consultation

RSVP

A **registration form** is included with this Newsletter. Please fill it out and return it to me so we can add you to the attendee list.

We hope to see everyone on November 19. **Please contact Lisa Connelly at 513-636-0041 or by email Lisa.Connelly@cchmc.org for more information.**
Thank you.
