## *PCIT Trainee Newsletter*

Issue 1

**Hello PCIT trainees from the Trauma Treatment Replication Center! We hope you all had a very happy holiday season and are starting off the new year with renewed enthusiasm about PCIT.**

### Assistance

As IRB approval for all of you to begin collecting and submitting data draws near, we would like to offer any assistance we can in helping all of you get, and remain, up and running with PCIT in your agencies. Please let us know how we can help.

### Regular Contact

Our third session of PCIT training begins February 13, 2004. This will add 12 PCIT practitioners in local agencies and give us the opportunity to train 2 additional trainers. With our numbers climbing, we would like to start an email group list where all of you can: 1) post questions to us and to each other about PCIT; 2) tell your success stories about PCIT; 3) raise questions and concerns about PCIT; and 3) access new research about PCIT as we make it available. Please let me know if this would be helpful to you and whether or not you would like to participate.

### CD-ROM

We will be mailing out a PCIT resource CD-Rom to all of you containing PCIT literature, coding sheets, handouts, etc. Please let us know if any of your contact info has changed so that we can update our mailing list.

Please contact **Lisa Connelly** at 513-636-0041 or by email [lisa.connelly@cchmc.org](mailto:lisa.connelly@cchmc.org) with any questions or concerns you may have. Please return this form via email or fax 513-558-4067 with the following information completed. Thank you.

- Yes I do want to participate in the PCIT email group list  
 No I do not want to participate in the PCIT email group list
