

Faculty Positions in Cancer Research

change the outcome®

The joint Cancer Pathology Program of the Division of Experimental Hematology and Cancer Biology and the Division of Pathology invite applicants with expertise in cancer and stem cell biology to apply for tenure track faculty positions. Candidates interested in hematopoietic stem cell or cancer stem cell biology, mouse or human/mouse modeling of cancer, or cancer genetics and genomics are welcome. Applicants must have postdoctoral experience, a strong publication record, and a PhD, MD or MD/PhD degree. Clinical activity for Boarded/Board eligible Pathologists is available in the area of Pediatric pathology. Generous start-up packages are provided. Multiple faculty level appointments commensurate with experience are open. The successful applicant is expected to develop and maintain an independent, externally-funded research program. To learn more about the excellent scientific environment at Cincinnati Children's Hospital go to:

<http://www.cincinnatichildrens.org/research/>

A letter of application with curriculum vitae, a one page statement of research programmatic focus, a one page synopsis of research accomplishments, and contact information for three referees should be sent to:

H. Leighton Grimes Ph.D.

Director, Cancer Pathology Program

Scholar, Leukemia and Lymphoma Society

Cincinnati Children's Hospital Medical Center

3333 Burnet Ave, (c/o Kenya Lyles) MLC 7013

Cincinnati, OH 452290

Or mail the application package to: CancerPathology@cchmc.org
