

The Kelly O'Leary Center

for Autism Spectrum Disorders
Cincinnati Children's Hospital Medical Center

Community Consultation Program

Thank you for your interest in the Community Consultation Program. The Kelly O'Leary Center (TKOC) provides support to teams serving children with autism spectrum disorders in a variety of areas including behavior, education/skill acquisition, communication, and self-regulation. These supports may include direct and indirect consultation, functional behavioral analysis, curriculum modification, environmental supports, review of objectives and teaching methods, modeling of intervention techniques, and team training.

If the team is interested in pursuing collaborative consultative services with TKOC, please complete and return the following information:

- 1) School Questionnaire
- 2) Copy of the most recent IEP/MFE
- 3) Documentation of autism spectrum diagnosis, if not on IEP/MFE
- 4) Parent Questionnaire
- 5) 2 Parent Consent Forms

Please be aware that if the student to be served resides outside of Hamilton County your school district must have a contract with TKOC to fund consultation. Please contact the Coordinator of Community Consultation with questions regarding establishing a consultation contract.

Once the intake file is complete a consultant will be assigned. The consultant will contact the school liaison to set up an initial observation/team meeting. If you have any questions regarding the enclosed information or the referral/intake process, please do not hesitate to call. We look forward to working with your team.

Sincerely,

Melissa A. Foti Hoff, Psy.D.
Coordinator of Community Consultation
The Kelly O'Leary Center

Donna Murray, Ph.D.

COMMUNITY CONSULTATION PROGRAM
SCHOOL QUESTIONNAIRE
2009-2010

Please note: This form is to be completed by the referring school staff. In order to avoid duplication of services, TKOC does not consult to teams who are already receiving consultation from another outside agency. If you feel there are extenuating circumstances which justify TKOC involvement, please contact the Coordinator of Community Consultation before completing a referral.

*Please return this form either to the referring school team or directly to TKOC at the address listed at the top of this questionnaire (ATTN: Coordinator of Community Consultation). Your child's referral cannot be processed until all paperwork is completed.

The Kelly O'Leary Center for Autism Spectrum Disorders (TKOC)
Division of Developmental and Behavioral Pediatrics
Cincinnati Children's Hospital Medical Center
Community Consultation Team
2009-2010

Your child has been referred by his/her school/agency for Community Consultation services at The Kelly O'Leary Center for Autism Spectrum Disorders (TKOC)/Division of Developmental and Behavioral Pediatrics of Cincinnati Children's Hospital Medical Center.

The purpose of this consultation is to offer the professionals who work with your child new ideas and insights into meeting your child's unique needs. A consultant will observe your child in the community setting, review records, model intervention strategies, and meet with his/her team to discuss concerns regarding educational, communicative, self-regulation, and behavioral issues. The information gathered may also be presented at The Kelly O'Leary Center's multi-disciplinary team meetings in order to gain clinical expertise from various fields including Psychology, Pediatrics/Nursing, Speech, and Occupational Therapy. The goal is to obtain a comprehensive picture of your child's strengths and weakness in order to explore areas which may respond to intervention and then work with your child's team to develop a plan.

As a vital part of your child's intervention team, parents are involved in providing important information regarding you child's needs. Your input allows us to provide suggestions that are geared to your child's individual needs. Parent interviews can be completed by phone or at team meetings scheduled by your child's school/agency. Parents/guardians may obtain a copy of TKOC behavioral policies and procedures by contacting The Kelly O'Leary Center at (513) 636-1760.

Information:

Child's Name: _____ DOB: _____ SS#: _____

Parent/Guardian Name: _____

Address: _____

Telephone (Home): _____ (Work): _____ (Other): _____

Child's School/agency Name: _____

Child's School District: _____

Authorization:

I (parent/guardian name) , _____, acknowledge by my signature below that I understand the information presented above regarding the nature and purpose of the consultation services being requested by my child's school/agency.

As the parent/guardian of (child's name), _____,

I give permission to The Kelly O'Leary Center/Division of Developmental and Behavioral Pediatrics to provide consultative services to (child's school/agency) _____

and (child's school district) _____, on behalf
of my child.

I understand that the recommendations made by The Kelly O'Leary Community Consultation Team are not legally binding to myself, the school/agency, or Cincinnati Children's Hospital Medical Center.

I consent to the release and exchange of information/records with The Kelly O'Leary Center and the above designated school/agency and school district.

I also consent to the release and exchange of information and review of records within The Kelly O'Leary Center/Division of Developmental and Behavioral Pediatrics at Cincinnati Children's Hospital Medical Center.

This Authorization may be revoked at any time to the extent that use and/or disclosure has not already occurred prior to your request for revocation. In order to revoke the Authorization the individual/parent/legal guardian must submit a revocation request in writing to the health Information management department, 636-8233.

CCHMC will not condition treatment, payment, enrollment or eligibility for benefits on the execution of this Authorization. The information used or disclosed as a result of this Authorization may be subject to redisclosure by the person or entity receiving such information, and thus no longer protected by the federal privacy regulations.

This authorization includes the use and/or disclosure of information concerning HIV testing or treatment of AIDS or AIDS-related conditions, any drug or alcohol abuse, drug-related conditions, alcoholism, and/or psychiatric/psychological conditions to the above mentioned entity(s).

Child's DOB: _____

Child's SS#: _____

Due to the nature of the program, services that your child receives through The Kelly O'Leary Center's Community Consultation Team are documented *separate* from the Cincinnati Children's Hospital Medical Center (CCHMC) medical record. Therefore, if your child is a patient at CCHMC his/her doctor(s)/provider(s) do not automatically have access to records regarding TKOC community consultation. In order to assist in collaboration between TKOC staff and other CCHMC providers, you may choose to have this form sent to your child's permanent CCHMC medical record and/or your child's permanent CCHMC *Division of Developmental and Behavioral Pediatrics* medical record to document that your child is receiving community consultation services from TKOC and to document that there is a separate chart for your child in TKOC.

_____ I consent to have this form sent to my child's permanent CCHMC medical record to document that my child is receiving community consultation services through TKOC and to document that there is a separate chart for my child in TKOC.

_____ I consent to have this form sent to my child's permanent CCHMC *Division of Developmental and Behavioral Pediatrics* medical record to document that my child is receiving community consultation services through TKOC and to document that there is a separate chart for my child in TKOC.

_____ I do not consent to have this form sent to my child's permanent CCHMC medical record to document that my child is receiving community consultation services through TKOC and to document that there is a separate chart for my child in TKOC.

_____ I do not consent to have this form sent to my child's permanent CCHMC *Division of Developmental and Behavioral Pediatrics* medical record to document that my child is receiving community consultation services through TKOC and to document that there is a separate chart for my child in TKOC.

In addition:

_____ In the event of an emergency, I authorize the release of additional information as deemed clinically necessary to other CCHMC providers. During non-emergency situations or to persons outside of CCHMC, I understand my written authorization is needed to release any information to another source.
