- Strategic Planning Committee, 2007, 2009
- Institute Operations Committee, 2008, 2009

Active member of the Ohio Organization of Nurse Executives since 1989, serving as President, Board member, Treasurer and Secretary.

Dear AONE Colleague,

For the past 20 years, I have been an active member of AONE. Now with your help, I would like to put my experience and leadership skills to use as your next AONE President-Elect.

My goal is to move AONE forward and to advocate for:

- Providing safe, efficient patient/family-centered care
- Utilizing our political voice in healthcare reform
- Mentoring new nurse leaders to be bold advocates for staff
- Utilizing technology, research, and redesigning practice models to promote healthy work environments
- Collaborating with others to strategically align our efforts to change healthcare outcomes

I have always risen to challenges and would vow to give AONE my utmost time and talents. My experience includes being a senior leader in both adult health care for 29 years and pediatric health care for 4 years. I have demonstrated these attributes at both academic and community hospitals (Cincinnati Children's – 511 beds, Ohio State University Medical Center – 927 beds, and St. Elizabeth Medical Center – 631 beds, Greene Memorial – 230 beds).

Also, through my academic and consulting experience I have been able to keep my finger on the pulse of the many changes in health care. I highly value learning and currently serve as Associate Dean at the University of Cincinnati, teach at the graduate level at Wright State University and am a graduate of the Wharton Fellows Program. My lecturing and consulting on nursing practice, safety and family-centered care has taken me across the country and the globe (UK, China, Saudi Arabia) promoting innovative nursing care.

My commitment to serve you at the national level is unwavering. I ask for your consideration when you vote September 2-30 at www.aone.org.

Sincerely,

A handwritten signature in blue ink that reads "Cheryl Hoying". The signature is written in a cursive, flowing style.
