

In 1995, Cincinnati Children's helped found Children's Circle of Care to recognize generous philanthropists who support the 24 leading pediatric hospitals. Those who give \$10,000 or more to Cincinnati Children's in a calendar year qualify for membership in Children's Circle of Care.

A Shared Vision For Children

CHILDREN'S CIRCLE OF CARE NORTH AMERICAN LEADERSHIP CONFERENCE AND GALA DINNER

Children's Circle of Care members from 24 of the most renowned children's hospitals in North America illustrate the powerful impact of philanthropy by creating a unified voice to advocate for pediatric patient care, research and medical education. Once a year these members gather to attend the Children's Circle of Care North American Leadership Conference and Gala Dinner.

This annual event provides a venue for philanthropists to foster relationships with their peers across North America who support the same vision. It's also an opportunity to learn about the latest discoveries in pediatric research and medicine from leading physician-scientists. The enclosed card details information about the North American Leadership Conference and Gala Dinner.

A photograph of three young people, two boys and one girl, standing in a room with dark wood paneling. The boy on the left is wearing a green and white striped polo shirt and khaki pants, with his arms crossed. The girl in the middle is wearing a white short-sleeved top with a ruffled hem and dark pants, also with her arms crossed. The boy on the right is wearing a red polo shirt and dark pants, with his left hand on his hip and his right arm resting on the girl's shoulder. They are all smiling at the camera.

Each one of them **knows a child**
who has been helped by the medical center.”
