

3333 Burnet Ave.
Cincinnati, Ohio, 45229

Directions to Cincinnati Children's morgue:

The parking for pickup/ drop off patients is in our North garage. This is also an employee parking garage and may be congested during shift change. (6:30-7:00 am, 3:00 pm, 7:00 pm.) You are able to drop off/ pick up 24/7.

North Garage is on Erkenbrecher: there are 2 different ways to enter.

1. **If driving down Burnet Ave**, the main hospital will be on the left of you. You will pass the emergency entrance and the Ronald McDonald house, both also on the left. At the following light, you will turn left onto Erkenbrecher. (West, heading towards the Zoo). You will immediately pass Ronald McDonald parking and the ambulance entrance. The road continues to wind around the hospital passing receiving docks on the left. The next street on the left before the small black building is where to turn into the North garage.

2. Another direction to get into the garage is **off of Vine Street** turning East onto Erkenbrecher. You will pass a zoo parking lot on your right and Dury street on your left. Immediately after the small black building, turn right, and look for North Garage signage.

Once you turn onto the driveway leading to the garage, turn left at the stop sign. The garage will be ahead towards the left. The garage will say “staff parking entrance.”

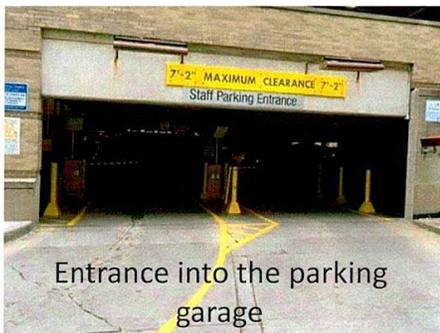

You will need to push the button on the red box (which connects you to security) to let you in the garage. Explain you are here to pick up/drop off a patient in the morgue.

Once through the gate, immediately turn right- do not go up the ramp ahead. You will make 3 left turns, the 3rd one putting you on the down ramp to the lower level. You will need to push the button again to be let into the “authorized parking only area.”

As you enter that area, there will be a space designated for “Bereavement services.”

A Protective Service officer will meet you and escort you to the morgue. You cannot go to the morgue without an officer.

If needing help with directions or getting through the parking garage, please contact:
Protective Services: 513-636-4204

Entrance into the parking garage

Push silver button on the red box for admission to the garage

Entrance into the reserved parking area
