20 Month Questionnaire

19 months 0 days
through 20 months 30 days

On the following pages are questions about activities children may do. Your child may have already done some of the activities described here, and there may be some your child has not begun doing yet. For each item, please fill in the circle that indicates whether your child is doing the activity regularly, sometimes, or not yet.

Important Points to Remember:

- ☒ Try each activity with your child before marking a response.
- ☒ Make completing this questionnaire a game that is fun for you and your child.
- ☒ Make sure your child is rested and fed.
- ☒ Please return this questionnaire by _____.

Notes:

At this age, many toddlers may not be cooperative when asked to do things. You may need to try the following activities with your child more than one time. If possible, try the activities when your child is cooperative. If your child can do the activity but refuses, mark "yes" for the item.

If the child's total score is in the ☐ area, it is above the cutoff, and the child's development appears to be on schedule.

If the child's total score is in the ☐ area, it is close to the cutoff. Provide learning activities and monitor.

If the child's total score is in the ☐ area, it is below the cutoff. Further assessment with a professional may be needed.

4. **FOLLOW-UP ACTION TAKEN:** Check all that apply.

- ☐ Provide activities and rescreen in _____ months.
