

Special Instructions for Your Ophthalmology Video Visit

The visit will work best if you have a smartphone and an additional device available (either a laptop, tablet, or another smartphone).

Before your visit please complete the following tasks:

1. Download the free app called "Eye Handbook" onto your smartphone
2. If you were asked to send a picture, please send to EyeTelehealth@cchmc.org
3. Include the patient's name and date of birth in the email
