

Quality Deep Dives

Sharing ideas, discoveries, and advancement so children in Cincinnati and around the world can thrive.

Cincinnati Children's Quality Deep Dives offer a unique one and a half day site visit geared toward executives, operational leaders, and improvement professionals to gain insights into our world-class quality system. With a focus on improving outcomes, this event will provide you with a comprehensive understanding of the quality strategies and tools utilized at Cincinnati Children's. You'll have the opportunity to see firsthand how our organization effectively integrates quality measures into daily operations, resulting in improved patient experiences and clinical outcomes. Our team of experts will be on hand to answer any questions you may have, and you'll have the chance to network with other like-minded professionals from around the world.

Example sessions include:

- A view into our approach to quality and hospital operations
- A peek behind the curtain into our improvement framework and operational structure
- On unit time with frontline staff implementing improvement efforts
- Q&A with Cincinnati Children's leadership
- and much more
