

Construction Update: Critical Care Building

For our Avondale neighbors and community partners

What's Happening Onsite

- We've hit a major milestone. The last concrete pour is Sept. 5.
- The installation of the exterior walls of the structure continues.

Did You Know?

Avondale residents and neighborhood leaders sit on a Critical Care Building Project Advisory committee that meet once a month with Cincinnati Children's leadership. Members offer input on the project and make valuable recommendations on meaningful ways to connect with Avondale.

Traffic Alert

Construction vehicles entering and leaving the site could create backups. Flaggers will be onsite to help direct traffic.
