The staff at Cincinnati Children's Hospital Medical Center recommends that parents and / or caregivers ask the following questions before leaving the hospital with their child:

- Ask what to expect in the first few days after the procedure.
- Ask how long it might take for your child to recover.
- Ask about your child's activities, medicine and food at home.
- If you're going home on the day of the procedure, make sure you understand the instructions for care at home. Feel free to ask questions or to request more instruction.
